The reference being to the issuance by General Miller of President McKinley's proclamation, a part of which was suppressed by General Otts.

In his letter, General Miller said Mr. Hoar was in error.

He said General Otis had not informed him that the President's proclamation was not to be issued in full. He was not anxious for a fight and always had advised the Filipinos to accept sover-eignty of the United States, as he be-lieved the United States would grant them their reasonable desires.

Mr. Hoar said the letter evidently was

ACADEMY-ALHAMBRA CASE.

Manager Giffen and Manager Gilbert

Discharged by Justice Crutchfield. Manager Giffen, of the theatrical com-pany, bearing his name, now playing at the Academy, and Manager Gilbert, of the Alhambra Hotel, next door, have temporarily reached a peace agreement, thanks to the kind offices of Justice Crutchfield. Each of these gentlemen had officially registered complaints against the other on the ground that a nuis-ance was maintained on the premises. The Academy was too noisy on the Sabbath, scene shifting and rehearsals out-turbing the religious meditation of Manager Gilbert's guests. The Albambra's kitchen was too redolent, its postprandial odors disturbing the artistic cense of Manager Giffen's actors. Variour witnesses testified for and against all the contentions advanced, and Jutice Crutchfield established a modus vivendi by discharging both Mr. Gilbert and Mr. Giffen.

THE PATIENT ESCAPED.

Jumped from Ambulance Wagon and Ran Off.

Dr. Fiegenheimer, of the ambulance corps, had quite a singular experience yesterday afternoon, when he had placed in the wagon a negro who was found on Harrison Street seemingly in a demented condition.

There was no thought given to him after placing him in the wagon, and the horse was jogging along slowly to the Almshouse, when all of a sudden the neero jumped from the ambulance wagon Pursuit was useless.

SUMMONED BEFORE THE GRAND JURY

Three Police Captains and Two Reporters Will Be Asked to Tell of Sunday Closing.

The carnest and unremitting work of the city and court officials in their ef-forts to close up all the saloons of Rich-mond on Sunday took a new and un-expected turn yesterday when Commonwealth's-Attorney Richardson summoned Police Captains Whitlock, Hulce and Angle, together with two newspa-per reporters, to appear before the grand jury on next Monday to develop the truth of widespread assertions to the effect that the saloons of this city resumed business on last Sunday gener

The police captains will be asked to give any information they have in the matter, any information they have in the matter, or any facts they may have which might lead to developments, while the newspaparer reporters, responsible for the stories of an open Sunday, will be required to give their sources of information. This is in pursuance of Judge Witt's order issued some time ago, which was to the effect that violators of the Sunday law will lose their licenses if violation of the law. ose their licenses if violation of the law is shown in court, will in addition there-to be fined and probably given terms in

The summoning of the police captains is not only unusual, but is looked upon generally as the first step toward the absolute closing of the Sunday saloon business of this city. The allegations as to Sunday opening have more directly af-fected the Second Precinct, of which Captain Angle has charge, than any other, it having been stated that some of the nost prominent saloon men of the city were among the violators of the law in

Now that the war has been renewed the saloon men don't seem to know just where they do stand. The disposition of the negro "club" in Second Street is still up in the air, but such a turn has been given to it that the saloon men who had contemplated the establishment of Sun-day clubs for their patrons have about given up the idea. Meanwhile the order is so rigid that where the saloon men of the city have been selling on Sunday they are covered with fear. Therefore, it seems that some sensational develop-ments may be expected as a result of the examination of the three police captains of this city on next Monday. Commonwealth's Attorney Richardson said to-day:

"We have summoned the three ponce aptains of this city and the two reporters who are responsible for the new stories of there having been an open Sunday here on last Sunday, and if we can't get any direct information from them we shall at least get some information which might lead to results. Judge Witt was in earnest in his order to the salcon men to close up on Sun-cay, and if they did not take it that way they may learn his earnestness to

When it was pointed out to him that the reporters who wrote the stories prob ably did so on hearsay evidence, he re-

"We shall have them anyway. They shall be asked to tell us where they ge their information, even by hearsay, and if there is anything to be had out of them we will get it."

AMERICAN CIGAR CO. | PRETTY MARRIAGE TO BUILD BIG PLANT

tion Furnishes House Free.

A Water Stand Pipe of Enormous Proportions for the Town-Million and

a Half Industry for Guilford County-Five Miles Sewers.

(Special Dispatch to The Times.) GREENSBORO, N. C., May 28.-After several months of negotiation and examination into the advantages here for such an immense business, the American Cigar Company has definitely decided to establish a large branch factory in Greensboro. A letter received by ex-Mr. H. W. Cobb, second vice-president of the American Company at New York, conveys the announcement of the decision

Mr. W. S. Lucket, who has charge of the machinery and construction for the company, is en route and will arrive to-night, and Monday will immediately be-gin to make the necessary arrangements for equipping the factory and putting in condition the large buildings tendered the company free of rent for two years by the association. It is the purpose of the company to also establish an immense torage plant here, but definite arrangements for that purpose have not yet been perfected.

The American Cigar Company is said to be a branch of the American Tobacco Company, being the cigar department of the plug and smoking business. The branch at Greensboro will immediately give employment to 500 men, girls and boys, all white, and in a few months it is definitely stated that the business will furnish employment for an indefinite number of operatives, skilled and unskilled, but the assurance is direct that in less than six months a least 2.000 employes will be on the pay-roll. It is worthy of mention in this connection, that many years ago Mr. H. W. Cobb, the official who sends the welcome in-formation received to-day, was a citizen of Greensboro, a most active and strong young man in all public-spirited move-ments. Greensboro was then in the dormant State, but a great railroad center and the residence city of families of aris-tocratic - prestige and distinction. Mr. Cobb in the face of criticisms and discouragement began an industrial crusade, the immediate outcome of which was the organization of the "Young Men's Industrial Association of Greensboro." Since its organization this association has done great things for the city, and in conjunction with other business or in conjunction with other business or ganizations and the solid support of the 20,000 population now behind it, has succeeded in the past week in securing not only the establishment of this great enterprise, of which its first president and organizer is second vice-president, but has also made certain the immediate construction of another cotton-mill plant, involving the expenditure of \$1,500,000 and the employment of a large population in

The Water and Light Committee of the tiations for a 200,000 gallon steam water stand pipe, and the filtering plant arranged for some time ago will soon

A petition signed by over 5,000 white people of Guilford county, most of them voters, has been presented to the Cone Export and Commission Company, assuring them of the good will of the citi-zens of the county in their various enter-prises, and asking that their proposed new one and a half million dollar cotton mill be located in Guilford. The Cones gave expression to their confidence in the abiding friendliness of the community to all industrial plants and advancement and assured the committee that the mill would be located in the county. Mr. Moses Cone stated that there was some doubt now about locating at or imme-diately near this city. This comes about because the owners of land adjacent are charging \$50 per acre for land that has formerly sold for \$7, and it takes a large tract for a settlement sufficient to accomodate the operatives for such an immense establishment and give them homes convenient to their work. It goes without saying that the prospect of hav ing this mill located in the county is encouraging, but Greensboro doesn't pro-pose for it to go fifteen miles off the sed location, if site is the only trouble.

Mr. C. N. Evans, cashler of the Bank of

Reidsville, has recently been elected cashier of the Merchants' and Farmers' Bank of Charlotte to succeed Mr. John M. Miller. Jr., at present cashler of the First National Bank of Richmond. Mr. Evans will take charge June 10th.

will take charge June 10th.

A Typographical Union has been formed here to be known as Greensboro Typographical Union, No. 397. The following officers were elected: C. A. Cooper, presiomcers were elected: C. A. Cooper, president; J. G. Perkinson, vice-president; J. B. Clendening, secretary and treasurer; H. G. Harrington, secretary. There are a great many printers in the job, newspaper and periodical businesses here, and No. 397 will doubtless have a large mem-bership and a most worthy one, for those nere are a superior class of men, being mostly natives and among our best citizenship.

The City Council has just ordered the engineer to prepart plans and specifica-tions for the construction of five miles of additional sewerage and to advertise for bids from contractors. The City En gineer says he will have plans, etc. in readiness by June 1st.

Mr. DeGive came here to see about closing arrangoments for the work of remodeling to be done on the Columbia in Atlanta. When this work is done and the theatre made modern in every way, at a cost of some \$20,000, Mr. Wells will rename it for his Richmond House, calling it the Bijou. "I came up to see Mr. Wells about the architects' plans and the contractors work for the Columbia," said Mr. DeGive yesterday. "It is possible that the work in Atlanta will be done by the same work in Atlanta will be done by the same men who will do the work on the Bijou in this city. Mr. Wells' shows have all made good runs in Atlanta and we are made good runs in Atlanta and we are spending some \$20,000 to improve the old Columbia. I shall not close contracts just now, for I shall return to Atlanta this afternoon, but the contracts will be closed in a short while and then the actual work of remodeling will begin."

LANDMARK FOR LUMBER YARD.
Messrs. Woodward and Sons, now con ducting a lumber yard in the lower of the city, will extend their plant, and for this purpose have purchased a piece of land known as Baconsville, lying on Fourth Street between Stockton and Everett Streets. There are eight tenement houses on the ground, and the families occupying them have received a notice to vacate by Monday

The buying of this property for a lumber yard, takes from the First Ward one of its landmarks. Just after the civil war there stood on this property what was then known as the Marshall Manufacturing Company. FOR THE RIVER.

Senator Martin and Captain Curtis Receive Congratulations.

Captain W. H. Curtis yesterday received the following telegram from Senator Martin in Washington: "Conference committee has agreed and the James River gets \$300,000 and also the extension of the improvements to

the shiplocks." This was glad news to those in Richmond who have appreclated the splen-did fight which Captain Curtis has led for river improvement and the recogni-tion of the harbor.
